

Aftercare & Maintenance

Rubber Components

Citysquared recommend the cleaning process is undertaken approximately once a month, depending on the installation environment, to maintain optimum appearance.

<p>1.0</p> <p>Clean component surface with a mild detergent and warm water.</p> <p>Use a lint free cloth and wring out well.</p> <p>Change the water frequently.</p>	<p>2.0</p> <p>When the surface is clean and dry apply a small amount of a silicone based rubber cleaner to the surface, remove any excess, buff to a shine.</p>
