

basic

Basic is a smart contemporary street bench suitable for a wide variety of public realm applications.

The Basic seat can be fitted with arm rests and other accessories if required.

Tough and easy to install, the Basic seat is composed of a stainless steel frame and heavy duty hardwood slats.

wall-mounted basic

The Basic bench may be adapted to accommodate a range of seating situations, and is also available as a wall-mountable version.

The Basic seat takes into consideration the tough urban environment with its choice of materials and assembly process.

By fixing Basic to the hard landscapes in the exterior environment, it brings a comfortable familiarity to an otherwise harsh seating surface.
