

wiggle bench

wiggle bench

Wiggle bench was designed with narrow spaces in mind. It is particularly suited to shopping centres and streets where a seating provision is required, but the available space limited.

Benches may be used in clusters to create various curve or wave shapes, adding dynamic interest to your scheme.

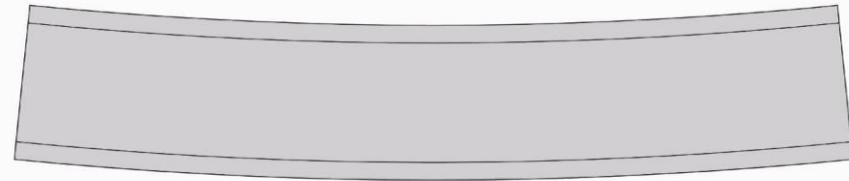

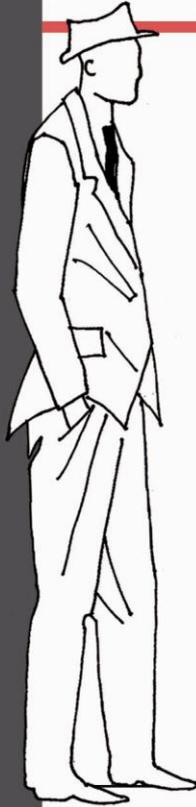

This slim granite form provides users with a place to stop and perch, while they collect their thoughts or wait for a shopping partner. The polished granite finish is easily wiped clean and highly durable.
